### **REMARKS**

In response to the official communication mailed on April 18, 2007 and the Notice of Abandonment mailed on May 7, 2007, a complete listing of all of the claims is presented herewith. As per the Examiner's instruction, the complete listing of all the claims with the corrected status identifiers includes the amendments filed on April 26, 2006.

### **Present Status of the Application**

Claims 19-26 were cancelled in response to the Restriction Requirement mailed on December 8, 2004, while claims 9 and 18 were cancelled in response to the first Office Action dated March 9, 2005. Moreover, claims 8 and 17 were deleted in reply to the final Office Action of December 27, 2005, for they are identical to the claims 5 and 14, respectively. In view of the foregoing, only claims 1-7 and 10-16 are pending as indicated in the first Office Action dated July 19, 2006 after the request for continued examination was filed on April 26, 2006.

second non-volatile memory devices where the configuration is the same for both devices, classified in class 711, subclass 105, without waiver, prejudice or disclaimer.

On May 7, 2007, a Notice of Abandonment for failure to respond to Office Action was delivered, and Applicants hereby submit a petition for revival of the unintentionally abandoned application. It is also declared that the entire delay in filing the required reply from the due date for the reply until the filing of a grantable petition pursuant to 37 CFR 1.137(b) was unintentional.

It is believed that no new matter is added by way of amendments made to the claims. After entry of the foregoing amendments, claims 1-7 are pending in the present application, and reconsideration of this application is earnest solicited.
